

Absorb Elements

1st-level abjuration

1 reaction, which you take when you take acid, cold, fire, lightning, or thunder damage

1 round

Self

S

The spell captures some of the incoming energy, lessening its effect on you and storing it for your next melee attack. You have resistance to the triggering damage type until the start of your next turn. Also, the first time you hit with a melee attack on your next turn, the target takes an extra 1d6 damage of the triggering type, and the spell ends.

Absorb Elements

1st-level abjuration

At higher level: When you cast this spell using a spell slot of 2nd level or higher, the extra damage increases by 1d6 for each slot level above 1st.

Alarm

1st-level abjuration (ritual)

1 action

8 hours

30 feet

V, S, M (a tiny bell and a piece of fine silver wire)

You set an alarm against unwanted intrusion. Choose a door, a window, or an area within range that is no larger than a 20-foot cube. Until the spell ends, an alarm alerts you whenever a Tiny or larger creature touches or enters the warded area. When you cast the spell, you can designate creatures that won't set off the alarm. You also choose whether the alarm is mental or audible.

Alarm

1st-level abjuration (ritual)

A mental alarm alerts you with a ping in your mind if you are within 1 mile of the warded area. This ping awakens you if you are sleeping.

An audible alarm produces the sound of a hand bell for 10 seconds within 60 feet.

Animal Friendship

1st-level enchantment

1 action

24 hours

30 feet

V, S, M (a morsel of food)

This spell lets you convince a beast that you mean it no harm. Choose a beast that you can see within range. It must see and hear you. If the beast's Intelligence is 4 or higher, the spell fails. Otherwise, the beast must succeed on a Wisdom saving throw or be charmed by you for the spell's duration. If you or one of your companions harms the target, the spell ends.

Animal Friendship

1st-level enchantment

At higher level: When you cast this spell using a spell slot of 2nd level or higher, you can affect one additional beast for each slot level above 1st.

Animal Messenger

2nd-level enchantment (ritual)

1 action

24 hours

30 feet

V, S, M (a morsel of food)

By means of this spell, you use an animal to deliver a message. Choose a Tiny beast you can see within range, such as a squirrel, a blue jay, or a bat. You specify a location, which you must have visited, and a recipient who matches a general description, such as “a man or woman dressed in the uniform of the town guard” or “a red-haired dwarf wearing a pointed hat.” You also speak a message of up to twenty-five words.

Animal Messenger

2nd-level enchantment (ritual)

The target beast travels for the duration of the spell toward the specified location, covering about 50 miles per 24 hours for a flying messenger, or 25 miles for other animals.

When the messenger arrives, it delivers your message to the creature that you described, replicating the sound of your voice. The messenger speaks only to a creature matching the description you gave. If the messenger doesn't reach its destination before the spell ends, the message is lost, and the beast makes its way back to where you cast this spell.

At higher level: If you cast this spell using a spell slot of 3rd level or higher, the duration of the spell increases by 48 hours for each slot level above 2nd.

Barkskin

2nd-level transmutation

1 action

Concentration, up to 1 hour

Touch

V, S, M (a handful of oak bark)

Beast Bond

1st-level divination

1 action

Concentration, up to 10 minutes

Touch

V, S, M (a bit of fur wrapped in a cloth)

You establish a telepathic link with one beast you touch that is friendly to you or charmed by you. The spell fails if the beast's Intelligence is 4 or higher. Until the spell ends, the link is active while you and the beast are within line of sight of each other. Through the link, the beast can understand your telepathic messages to it, and it can telepathically communicate simple emotions and concepts back to you.

Beast Bond

1st-level divination

While the link is active, the beast gains advantage on attack rolls against any creature within 5 feet of you that you can see.

Beast Sense

2nd-level divination (ritual)

1 action

Concentration, up to 1 hour

Touch

S

You touch a willing beast. For the duration of the spell, you can use your action to see through the beast's eyes and hear what it hears, and continue to do so until you use your action to return to your normal senses.

While perceiving through the beast's senses, you gain the benefits of any special senses possessed by that creature, though you are blinded and deafened to your own surroundings.

Commune with Nature

5th-level divination (ritual)

- Eight beasts of challenge rating 1/4 or lower

Each beast is also considered fey, and it disappears when it drops to 0 hit points or when the spell ends.

The summoned creatures are friendly to you and your companions. Roll initiative for the summoned creatures as a group, which has its own turns. They obey any verbal commands that you issue to them (no action required by you). The DM has the creatures' statistics.

2nd-Level transmutation

 1 action

 8 hours

 5 feet

 V, S, M (four or more arrows or bolts)

You plant four pieces of nonmagical ammunition—arrows or crossbow bolts—in the ground within range and lay magic upon them to protect an area. Until the spell ends, whenever a creature other than you comes within 30 feet of the ammunition for the first time on a turn or ends its turn there, one piece of ammunition flies up to strike it. The creature must succeed on a Dexterity saving throw or take 1d6 piercing damage. The piece of ammunition is then destroyed. The spell ends when no ammunition remains.

Cordon Of Arrows

2nd-Level transmutation

When you cast this spell, you can designate any creatures you choose, and the spell ignores them.

Darkvision

2nd-level transmutation

 1 action

 8 hours

Daylight

3rd-level evocation

 1 action

 1 hour

 60 feet

 V, S

A 60-foot-radius sphere of light spreads out from a point you choose within range. The sphere is bright light and sheds dim light for an additional 60 feet.

If you chose a point on an object you are holding or one that isn't being worn or carried, the light shines from the object and moves with it. Completely covering the affected object with an opaque object, such as a bowl or a helm, blocks the light.

Daylight

3rd-level evocation

If any of this spell's area overlaps with an area of darkness created by a spell of 3rd level or lower, the spell that created the darkness is dispelled.

Detect Magic

1st-level divination (Ritual)

 1 action

 Concentration, up to 10 minutes

 Self

 V, S

For the duration, you sense the presence of magic within 30 feet of you. If you sense magic in this way, you can use your action to see a faint aura around any visible creature or object in the area that bears magic, and you learn its school of magic, if any.

The spell can penetrate most barriers, but it is blocked by 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt.

Detect Poison and Disease

 1 action

 Concentration, up to 10 minutes

The spell can penetrate most barriers, but it is blocked by 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt.

Ensnaring Strike

1st-level conjuration

 1 bonus action

 Concentration, up to 1 minute

 Self

 V

The next time you hit a creature with a weapon attack before this spell ends, a writhing mass of thorny vines appears at the point of impact, and the target must succeed on a Strength saving throw or be restrained by the magical vines until the spell ends. A Large or larger creature has advantage on this saving throw. If the target succeeds on the save, the vines shrivel away.

Ensnaring Strike

1st-level conjuration

While restrained by this spell, the target takes 1d6 piercing damage at the start of each of its turns. A creature restrained by the vines or one that can touch a creature can use its action to make a Strength check against your spell save DC. On a success, the target is freed.

At higher level: If you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d6 for each slot level above 1st.

Find Traps

2nd-level divination

 1 action

 Instantaneous

 120 feet

 V, S

You sense the presence of any trap within range that is within line of sight. A trap, for the purpose of this spell, includes anything that would inflict a sudden or unexpected effect you consider harmful or undesirable, which was specifically intended as such by its creator. Thus, the spell would sense an area affected by the "alarm (lvl 1)" spell, a "glyph of warding (lvl 3)", or a mechanical pit trap, but it would not reveal a natural weakness in the floor, an unstable ceiling, or a hidden sinkhole.

Find Traps

2nd-level divination

Flame Arrows

3rd-level transmutation

 1 action

 Concentration, up to 1 hour

 Touch

 V, S

You touch a quiver containing arrows or bolts. When a target is hit by a ranged weapon attack using a piece of ammunition drawn from the quiver, the target takes an extra 1d6 fire damage. The target can also spend 5 feet of movement to automatically escape from nonmagical restraints, such as manacles or a creature that has it grappled.

Freedom of Movement

4th-level abjuration

Finally, being underwater imposes no penalties on the target's movement or attacks.

Goodberry

1st-level transmutation

-  1 action
-  Instantaneous
-  Touch
-  V, S, M (a sprig of mistletoe)

Up to ten berries appear in your hand and are infused with magic for the duration. A creature can use its action to eat one berry. Eating a berry restores 1 hit point, and the berry provides enough nourishment to sustain a creature for a day.

The berries lose their potency if they have not been consumed within 24 hours of the casting of this spell.

Grasping Vine

4th-level conjuration

-  1 bonus action
-  Concentration, up to 1 minute
-  30 feet
-  V, S

You conjure a vine that sprouts from the ground in an unoccupied space of your choice that you can see within range. That creature must succeed on a Dexterity saving throw or be pulled 20 feet directly toward the vine.

If the target drops to 0 hit points before this spell ends, you can use a bonus action on a subsequent turn of yours to mark a new creature.

Lightning Arrow

3rd-level transmutation

-  1 bonus action
-  Concentration, up to 1 minute
-  Self
-  V, S

Whether you hit or miss, each creature within 10 feet of the target must make a Dexterity saving throw. Each of these creatures takes 2d8 lightning damage on a failed save, or half as much damage on a successful one.

The spell can locate a specific creature known to you, or the nearest creature of a specific kind (such as a human or a unicorn), so long as you have seen such a creature up close - within 30 feet - at least once.

Locate Creature

4th-level divination

If the creature you described or named is in a different form, such as being under the effects of a "polymorph (lvl 4)" spell, this spell doesn't locate the creature.

-  Concentration, up to 1 hour

A veil of shadows and silence radiates from you, masking you and your companions from detection. For the duration, each creature you choose within 30 feet of you (including you) has a +10 bonus to Dexterity (Stealth) checks and can't be tracked except by magical means. A creature that receives this bonus leaves behind no tracks or other traces of its passage.

Plant Growth

3rd-level transmutation

-  1 action or 8 hours
-  Instantaneous
-  150 feet
-  V, S

This spell channels vitality into plants within a specific area. There are two possible uses for the spell, granting either immediate or long-term benefits.

Plant Growth

3rd-level transmutation

You can exclude one or more areas of any size within the spell's area from being affected.

If you cast this spell over 8 hours, you enrich the land. All plants in a half-mile radius centered on a point within range become enriched for 1 year. The plants yield twice the normal amount of food when harvested.

 1 action

 Concentration, up to 10 minutes

 120 feet

You gain the ability to comprehend and verbally communicate with beasts for the duration. The knowledge and awareness of many beasts is limited by their intelligence, but at a minimum, beasts can give you information about nearby locations and monsters, including whatever they can perceive or have perceived within the past day. Speak with Plants

3rd-level transmutation

 1 action

 10 minutes

 Self (30-foot radius)

 V, S

You imbue plants within 30 feet of you with limited sentience and animation, giving them the ability to communicate with you and follow your simple commands. You can question plants about events in the spell's area within the past day, gaining information about creatures that have passed, weather, and other circumstances.

Speak with Plants

3rd-level transmutation

You can also turn difficult terrain caused by plant growth (such as thickets and undergrowth) into ordinary terrain that lasts for the duration. Or you can turn ordinary terrain where plants are present into difficult terrain that lasts for the duration, causing vines and branches to hinder pursuers, for example.

Plants might be able to perform other tasks on your behalf, at the DM's discretion. The spell doesn't enable plants to uproot themselves and move about, but they can freely move branches, tendrils, and stalks.

If a plant creature is in the area, you can communicate with it as if you shared a common language, but you gain no magical ability to influence it.

The transformation of the ground is camouflaged to look natural.

Spike Growth

On each of your turns until the spell ends, you can use a bonus action to make two attacks with a weapon that uses ammunition from the quiver. Each time you make such a ranged attack, your quiver magically replaces the piece of ammunition you used with a similar piece of nonmagical ammunition.

Swift Quiver

30 feet

V, S, M (a piece of cork)

This spell grants the ability to move across any liquid surface--such as water, acid, mud, snow, quicksand, or lava--as if it were harmless solid ground (creatures crossing molten lava can still take damage from the heat). Up to ten willing creatures you can see within range gain this ability for the duration.

If you target a creature submerged in a liquid, the spell carries the target to the surface of the liquid at a rate of 60 feet per round.

120 feet

V, S, M (a tiny fan and a feather of exotic origin)

A wall of strong wind rises from the ground at a point you choose within range. You can make the wall up to 50 feet long, 15 feet high, and 1 foot thick. You can shape the wall in any way you choose so long as it makes one continuous path along the ground. The wall lasts for the duration.

When the wall appears, each creature within its area must make a Strength saving throw.

Wind Wall

3rd-level evocation

A creature takes 3d8 bludgeoning damage on a failed save, or half as much damage on a successful one.

The strong wind keeps fog, smoke, and other gases at bay. Small or smaller flying creatures or objects can't pass through the wall. Loose, lightweight materials brought into the wall fly upward. Arrows, bolts, and other ordinary projectiles launched at targets behind the wall are deflected upward and automatically miss. (Boulders hurled by giants or siege engines, and similar projectiles, are unaffected.) Creatures in gaseous form can't pass through it.
